WITH THE NEW 'MAKING TAX DIGITAL'  
REQUIREMENTS**

6

**INSIGHTS**

**INSIGHTS FLOW BACK INTO YOUR BUSINESS,  
INFORMING DECISION MAKING AND ALLOWING  
YOU TO BETTER PLAN FOR THE FUTURE**

Making Tax Digital is part of the UK Government's project to fully digitise the UK tax system.

This means that businesses which are mandated will NEED to maintain digital records, AND provide information to HMRC via compatible software.

French Duncan is working with all our clients to ensure they meet the requirements, and the diagram above provides some information on the approach we are taking.

## BENEFITS OF OUR APPROACH

- ✓ Automated process
- ✓ Managed and overseen by your skilled, experienced team
- ✓ Cloud-based system is fully secured, regularly updated & with relatively low software costs
- ✓ Less manual data entry saves time
- ✓ Better data means lower risk of errors
- ✓ Tailored reporting available
- ✓ HMRC 'Making Tax Digital' compliant
- ✓ Enhanced business insights
- ✓ You can concentrate on running your business
